 “Luminous and profound, *Orbital* is hard to put down and even harder to forget.”  
 — *Booklist*

Selected for one of the last space station missions of its kind before the program is dismantled, a group of astronauts and cosmonauts—from America, Russia, Italy, Britain, and Japan—have left their lives behind to travel through space at over seventeen thousand miles an hour as the earth reels below. We glimpse moments of their earthly lives through brief communications with family, their photos and talismans; we watch them whip up dehydrated meals, float in gravity-free sleep, and exercise in regimented routines to prevent atrophying muscles; we witness them form bonds that will stand between them and utter solitude. Most of all, we are with them as they behold and record their silent blue planet.

Their experiences of sixteen sunrises and sunsets and the bright, blinking constellations of the galaxy are at once breathtakingly awesome and surprisingly intimate.

Profound and contemplative, *Orbital* is a moving elegy to our environment and planet.

Villains of Lore

An Instant *New York Times* bestseller; An Amazon Editors’ Pick

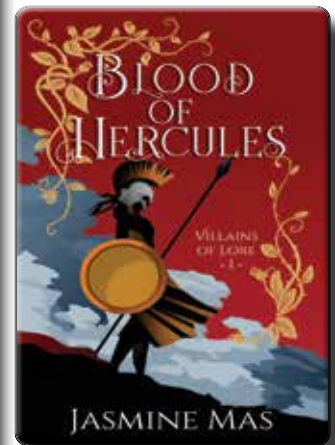

I’m just a girl. But as it turns out, I’m also Hercules.

I’m struggling to survive in a Titan-infested world where Spartans—immortals from twelve royal families who have god-like powers and obscene wealth—rule over all. A shy, stammering foster child with nothing, I keep my head down, cover my scars, and focus on excelling in school. At least, I try to. Then it happens. My blood test reveals I’m part of the powerful elite. I’m one of them. A Spartan.

Forced to attend the Spartan War Academy, I undergo the most harrowing test of all time to see if I have what it takes to be an immortal. There are just a few problems. Achilles and Patro are my scary mentors. Kharon, the ferryman of death, and Augustus, the son of war, are my terrifying professors. Also, I’m pretty sure either someone’s stalking me everywhere I go, or my sanity’s slipping—I have a bad feeling both are true.

I’m surrounded by Villains and they’re smothering me with their hate, obsession, and dark possessiveness. Too bad for them, they have no clue just who they’re messing with.

*The Page Turner*

Emma Page grew up the black sheep in a bookish household, raised to believe that fine literature is the only worthy type of fiction. Her parents, self-proclaimed “serious” authors who run their own vanity press, The Mighty Pages, mingle in highbrow social circles that look down on anything too popular or mainstream, while her sister, Jess, is a powerful social media influencer whose stylish reviews can make or break a novel.

Hiding her own romance manuscript from her disapproving parents, Emma finds inspiration at the family cottage among the “fluff” they despise: the juicy summer romances that belonged to her late grandmother. But a chance discovery unearthed from her Gigi’s belongings reveals a secret that has the power to ruin her parents’ business and destroy their reputation in the industry—a secret that has already fallen into the hands of an unscrupulous publishing insider with a grudge to settle.

Now Emma must decide—as much as she’s dreamed of the day when her parents are forced to confront their own egos, can she really just sit back and watch The Mighty Pages be exposed and their legacy destroyed?

But this summer’s getaway proves to be much more than she bargained for.

Yes, there are sunny days enjoyed at the beach. But Blythe must contend with teenage angst, her ex-mother-in-law’s declining health, and a troubling secret involving her ex-husband. It’s all a bit out of Blythe’s comfort zone. This particular island summer may not be as relaxing as Blythe had hoped, but she’s never felt that life has given her more than she can handle—especially when she has the love and support of her family around her.

*Story of My Life*  
**Story Lake**

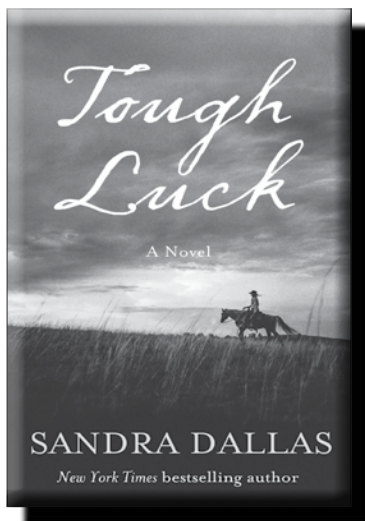

Hazel Hart was a successful romance novelist until a breakup drives her straight into writer's block. Having failed (and failed some more) to deliver her new manuscript, she's hiding from the world behind a wall of old takeout containers until her publisher lays down the law. If she misses her next deadline, it's The End.

Desperate for inspiration, Hazel impulse-buys a historic home online and flees Manhattan to tiny Story Lake, PA. Upon her dramatic arrival—involving an incident with a bald eagle—she discovers the charm of her new home may have been *slightly* exaggerated.

The house is a wreck and the town is struggling after their biggest employer shut down. Also, since her raccoon-infested home came with a seat on the town council, our introverted heroine is stuck with a front row seat to all the small-town shenanigans. But Hazel isn't worried. Not since all six feet, three inches of grouchy contractor Campbell Bishop slapped a bandage on her forehead and unintentionally inspired the heck out of her. There's only one thing to do: hire Cam and his equally gorgeous brothers to renovate her new spider museum . . . er . . . house.

**"Dallas' blunt, brutal latest explores the mythic soul of the American West . . . through a female lens." — *Booklist***

After their mother dies, Haidie Richards and her younger brother, Boots, are put to work in an orphanage. Their father left four years earlier to find a gold mine in Colorado Territory, and since then he's sent only three letters. Still, Haidie is certain that he is alive, has struck gold, and will soon send for them.

But patience is not one of Haidie's virtues and soon she and her brother make a break for it. Boots and Haidie, disguised as a boy, embark on a dangerous journey deep into Western territory. Along the way, Haidie learns fast not only how to handle mules, oxen, and greedy men, but also that you are better off in a community. Hers includes a card shark, independent "spinster" sisters, and a very fierce dog. Once she arrives in Colorado and finds out the truth about her father, Haidie will need all her new friends for a get-even plot worthy of *The Sting*.

Filled with vivid period detail, colorful characters, and the irreverent voice of our scrappy heroine, *Tough Luck* celebrates both the tenacity of youth and the persistence of the heart in the great American West.

*Flirting Lessons*

Avery Jensen is almost thirty, fresh off a breakup, and she's tired of always being so uptight and well-behaved. She wants to get a hobby, date around (especially women), flirt with everyone she sees, wear something not from the business casual section of her closet—all the fun stuff normal people do in their twenties. One problem: Avery doesn't know where to start. She doesn't have a lot of dating experience, with men *or* women, and despite being self-assured at work, she doesn't have a lot of confidence when it comes to romance.

Enter Taylor Cameron, Napa Valley's biggest flirt and champion heartbreaker. Taylor just broke up with her most recent girlfriend, and her best friend bet her that she can't make it until Labor Day without sleeping with someone. So, she offers to give Avery flirting lessons. And it might take her mind off how inadequate she feels compared to her friends, who all seem much more settled and adult than Taylor.

At first, Avery is stiff and nervous, but Taylor is patient and encouraging, and soon, Avery looks forward to their weekly lessons. With Taylor's help, Avery finally has the life she always wanted. The only issue is: now she wants Taylor. Their attraction becomes impossible to ignore, despite them both insisting to themselves and everyone else that it isn't serious. When Taylor is forced to confront her feelings for Avery, she doesn't know what to do—and most importantly, she wonders if she's already ruined the best thing she's ever had.

*Fortunate Harbor*

An Outer Banks Novel

*It's a promise of better things to come . . .* With its colorful history, and miles of sand, tide, and windswept oaks, North Carolina's Outer Banks is a paradise for locals and tourists alike. For Curtis Gage, returning after nineteen years to be the new assistant manager of a 5-star, ocean-front resort, it's a chance to start a new life—and come to terms with an old one. This is where his father, a revered police chief, died in the line of duty. Whisked away by his mother when he was just a child, Curtis always yearned to come back and reclaim this magnificent necklace of islands as home.

*But he never imagined the risks . . .* This coastal haven is in attorney Rae Alden's blood, and the resort's expansion is encroaching on precious Fortunate Harbor. For Rae and the old-town families she represents, their generations-old heritage is not for sale for all the money in the world. Who'd have guessed that the ordeal would tie Rae to Curtis, a childhood sweetheart whose family tragedy once converged, fatefully, with her own past? The landgrab is reuniting them in more ways than one, because the property is more valuable than even Rae believed.

If pirate legends, rekindled romance, and real-life adventure aren't enough to make the heart pound, Curtis and Rae discover they aren't the only ones hunting. In love and in danger, they have each other, and are finding a place to call home. That alone is a fortune worth fighting for.

## DISHA BOSE

### *I Will Blossom Anyway*

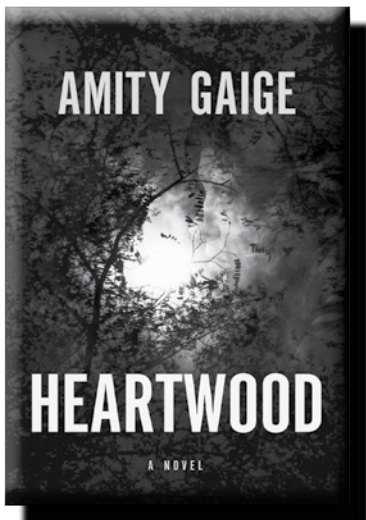

A Novel

*Durga is named after the Bengali goddess—pure of heart, filled with goodness. But the goddess has an alter ego—fearless Kali, of fire and crackling with energy.* The third of four children born to a middle-class Calcutta family, quiet Durga is surprisingly the first to leave the nest of her loving, overbearing family. She is not as charming as her older sister, Tia, as lighthearted as her brother, Arjun, or as clever as her younger sister, Parul. But when she arrives in Ireland to work at a tech company, she finds that for the first time ever she is free—to have fun, to stay out, to sample everything that life has to offer. Suddenly, Durga can be whoever she wants to be. And she wants it all.

But freedom comes at a price. Durga falls in love with handsome, charismatic Jacob, and grows close with his sister, Joy, now Durga's flatmate and best friend. But when Jacob breaks up with Durga, she's unmoored. Will she stay in Ireland with her newfound identity and livelihood, or will she return to India, where she is comfortable? Perhaps neither option is enough. Durga must summon her inner Kali, the brave and fearless warrior, and fight for the life she truly desires.

Modern, thought-provoking, and mirthful, *I Will Blossom Anyway* is a story about what it means to be caught between opposing worlds and the pressures and freedoms of millennial life, and what it really means to be a modern woman today—anywhere.

SIMULTANEOUS  
 RELEASE

**“Doiron’s crisp first-person narrative is thoroughly absorbing and richly atmospheric.” — *Booklist***

For the first time in print, *Skin and Bones* features a collection of eight gripping original short stories in the bestselling Mike Bowditch series—including one brand new, never-before-published story. In the first three entries, legendary Maine woodsman and bush pilot Charley Stevens draws Mike into some of the strangest cases of his storied career: extolling on the dangers awaiting rookie game wardens, a gruesome case involving a bat with rabies, and a visiting hunter who goes missing in the middle of a snowstorm—and may not want to be found.

Then Mike is confronted with his own baffling cases: he discovers a dead body whose driver’s license claims he is none other than Mike Bowditch himself. He tracks down a sinister prowler who turns a couple’s dream vacation home into a nightmare. An investigation into the killing of a bald eagle unearths an old case of a missing young man whose physically abusive brother might have murdered him. And then Mike must hunt down a killer who uses the unlikeliest of murder weapons: rattlesnakes. And in the final, brand-new short story, *Sheep’s Clothing*, Mike suspects there’s more to a grisly murder-suicide than meets the eye.

Critically acclaimed for his brilliant crime novels, Paul Doiron proves he is also the master of short story in *Skin and Bones*.

***The Resurrectionist***

*Edinburgh, Scotland, 1828.* Naïve but determined James Willoughby has abandoned his posh, sheltered life at Oxford to pursue a lifelong dream of studying surgery in Edinburgh. A shining beacon of medical discovery, the city’s university offers everything James desires—except the chance to work on a human cadaver. For that, he needs to join one of the private schools in Surgeon’s Square, at a cost he cannot afford. In desperation, he strikes a deal with Aneurin “Nye” MacKinnon, a dashing young dissectionist with an artist’s eye for anatomy and a reckless passion for knowledge. Nye promises to help him gain the surgical experience he craves—but it doesn’t take long for James to realize he’s made a devil’s bargain . . .

Nye is a body snatcher. And James has unwittingly become his accomplice. Intoxicated by Nye and his noble mission, James rapidly descends into the underground ranks of the Resurrectionists—the body snatchers infamous for stealing fresh corpses from churchyards to be used as anatomical specimens. Before he knows it, James is caught up in a life-or-death scheme as rival gangs of snatchers compete in a morbid race for power and prestige.

James and Nye soon find themselves in the crosshairs of a shady pair of unscrupulous opportunists known as Burke and Hare, who are dead set on cornering the market, no matter the cost. These unsavory characters will do anything to beat the competition for bodies. Even if it’s cold-blooded murder.

*The Illusionist*

**The True Story of the Man Who Fooled Hitler**

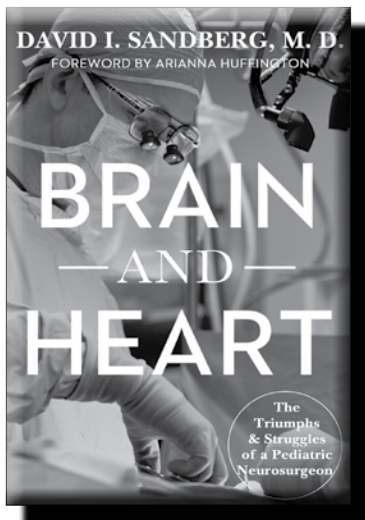

**“This entertaining, detailed narrative presents a chilling portrait of England under siege.” — Publishers Weekly**

**The astonishing story of how in 1942, in Egypt, Colonel Dudley Clarke’s ingenious “A Force” thwarted the Nazis while inventing a whole new playbook of military deception.**

*Cairo, 1942:* If you had asked a British officer who Colonel Clarke was, they would have been able to point him out. Always ready with a drink and a story, Clarke was a well-known figure in Cairo social circles and nightlife. If you then asked what he did, you would have less success. Those who knew didn’t tell—and almost no one really knew at all. Clarke thought of himself as developing a new kind of weapon. Its components? Rumor, stagecraft, a sense of fun. Its target? The mind of Erwin Rommel, Hitler’s greatest general. Throughout history, military commanders have sought to mislead their opponents. Dudley Clarke set out to do it on a scale no one had imagined before. Even afterwards, almost no one understood the magnitude of his achievement.

Drawing on recently released documents and hugely expanding on the louche portrait of Clarke as seen in *SAS: Rogue Warriors*, journalist and historian Robert Hutton reveals the amazing story of Clarke’s “A Force,” the invention of the *SAS and the Commandos*, and the masterful hoodwinking of the Desert Fox at the battle of El Alamein.

**DAVID I. SANDBERG, M.D.**

*Brain and Heart*

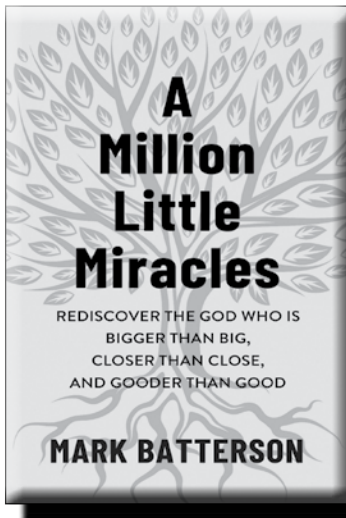

**The Triumphs and Struggles of a Pediatric Neurosurgeon**

In this moving, unflinching, and inspiring book, Dr. David Sandberg, an internationally renowned pediatric neurosurgeon, brilliantly combines his deep scientific and medical knowledge with raw emotion and unforgettably powerful stories of courage and love. The brain is the most complicated and perplexing of our organs, and it is also the one that makes us human. When it comes to a child’s brain, the hearts of those who love them become inextricably linked to that story.

In *Brain and Heart*, Dr. Sandberg describes the joy, heartbreak, uncertainty, and physical and emotional challenges that come with performing brain surgery on children. What makes this book different from previously published medical memoirs is Dr. Sandberg’s unique honesty about what goes through his mind when he makes the most complex choices with life-changing consequences.

A father himself, Dr. Sandberg understands deeply how every one of his patients is an entire world, and his devotion to his patients and his work shines through on every page. We follow him as he finds his way to neurosurgery as a young doctor through to his most heartbreaking cases and greatest triumphs. We also travel with him to underserved countries, where lifesaving surgeries that are common here are almost nonexistent, and Dr. Sandberg shares the stories of the dedicated doctors and surgeons trying to enact change.

## MARK BATTERSON

*A Million Little Miracles*  
 Rediscover the God Who Is Bigger Than Big,  
 Closer Than Close, and Gooder Than Good

Think you've never experienced a miracle? With all due respect, you have never *not*. In fact, you are one! There never has been—and there never will be—anyone else like you. That isn't a testament to you. It's a testament to the God who created you. Your fingerprint, eyeprint, and voiceprint are unlike anyone else's. Simply put, you matter to God.

Most of us take everyday miracles for granted, including the one that stares back at us in the mirror. It's time to take them for gratitude. Why is that so important? Because whatever you don't turn into *praise* turns into *pride*. The miracle of life becomes mundane. We get so wrapped up in our own little world, we end up worshipping a god who looks like us, acts like us, and thinks like us.

It's no wonder we've lost our wonder. But there is a way to recapture holy curiosity!

## BERNICE L. MCFADDEN

*Firstborn Girls*  
 A Memoir

On her second birthday in 1967, Bernice McFadden died in a car crash near Detroit, only to be resuscitated after her mother pulled her from the flaming wreckage. *Firstborn Girls* traces her remarkable life from that moment up to the publication of her first novel, *Sugar*.

Growing up in 1980s Brooklyn, Bernice finds solace in books, summer trips to Barbados, and boarding school to escape her alcoholic father. Discovering the works of Alice Walker and Toni Morrison, she finally sees herself and her loved ones reflected in their stories of “messy, beautiful, joyful Black people.” Interwoven with Bernice's personal journey is her family's history, beginning with her four-times enslaved great-grandmother Louisa Vacey Wilson in 1822 Hancock County, Georgia. Her descendants survived Reconstruction and Jim Crow, joined the Great Migration, and mourned Dr. King's assassination during the Civil Rights Movement. These women's wisdom, secrets, and fierce love are passed down like Louisa's handmade quilt.

A memoir of many threads, *Firstborn Girls* is an extraordinarily moving portrait of a life shaped by family, history, and the drive to be something more.

***The Family Inside***

“Garner’s engrossing latest succeeds thanks to some well-executed sleight of hand. . . . This is stay-up-all-night reading.”  
— *Publishers Weekly*

*It takes a special kind of family to turn a home into a nightmare.* Since her husband’s unsolved murder three years ago, Iris Blodgett’s life has unraveled. Awash in grief and buried in debt, she can’t pay her mortgage—and now that she’s lost her job, she has no idea how she’ll provide for her unruly teenage daughter, Ellory.

Facing eviction, Iris turns to her new beau, prominent architect Hugh Smoll, for a shoulder to cry on. But the seemingly perfect Hugh offers her something more: an invitation to move in to his mother’s centuries-old mansion while he renovates the property. It seems like the perfect solution, but when Iris and Ellory arrive at Ravencliff, the family inside isn’t quite what they expected. Iris didn’t even know Hugh had siblings, much less that they’d all be living together and the house gives up its dark secrets one by one. Before long, Iris unearths a chilling family history—and the terrifying reason she and Ellory were invited in the first place.

***Who Will Remember*  
Sebastian St. Cyr Mysteries**

**SIMULTANEOUS  
RELEASE**

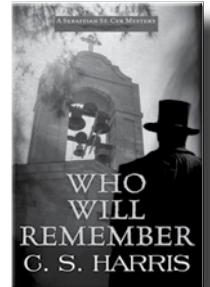

*August 1816.* England is in the grip of what will become known as the Year Without a Summer. Facing the twin crises of a harvest-destroying volcanic winter and the economic disruption caused by the end of the Napoleonic Wars, the British monarchy finds itself haunted by the threat of bloody riots not seen since the days of the French Revolution. Amidst the turmoil, a dead man is found hanging upside down in an abandoned chapel. The pose echoes the image depicted on a tarot card known as *Le Pendu*, the Hanged Man. The victim—Lord Preston Farnsworth—was a passionate crusader against what he called the forces of darkness.

Sebastian St. Cyr, Viscount Devlin, learns of the murder from a ragged orphan who leads him to the corpse and then disappears. At first, everyone in the dead man’s orbit paints Lord Preston as a selfless saint. But Sebastian quickly realizes that the man had accumulated more than his fair share of enemies, including Major Hugh Chandler, a close friend of Sebastian’s who once saved his life.

***A Slash of Emerald*  
A Dr. Julia Lewis Mystery**

“... Fans of Victorian mysteries, medical mysteries, and detective duos will appreciate this historical suspense.” — *Library Journal*

London, 1867: Among the genteel young ladies of London society, painting is a perfectly acceptable pastime—but a woman who dares to pursue art as a profession is another prospect, indeed. Dr. Julia Lewis, familiar with the disrespect afforded women in untraditional careers, is hardly surprised when Scotland Yard shows little interest in complaints made by her friend, Mary Allingham, about a break-in at her art studio. Mary is just one of many “lady painters” being targeted by vandals.

Inspector Richard Tennant, however, takes the attacks seriously, suspecting they’re linked to the poison-pen letters received by additional members of the Allingham family.

But when someone close to them commits suicide and a young woman turns up dead, the case can no longer be so easily ignored by “respectable” society. Layer after layer, Julia and Tennant scrape away the facts of the case like paint from a canvas.

**KIMI CUNNINGHAM GRANT**

***These Silent Woods***

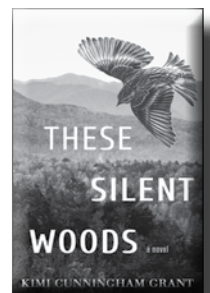

For eight years, Cooper and his young daughter, Finch, have lived in isolation in a remote cabin in the northern Appalachian woods. And that’s exactly the way Cooper wants it, because he’s got a lot to hide. Finch has been raised on the books filling the cabin’s shelves and the beautiful but brutal code of life in the wilderness. But she’s starting to push back against the life Cooper has created for her—and he’s still haunted by the painful truth of what it took to get them there.

The only people who know they exist are a mysterious local hermit named Scotland, and Cooper’s old friend, Jake, who visits each winter to bring them food and supplies. But this year, Jake doesn’t show up, setting off an irreversible chain of events that reveals just how precarious their situation really is. Suddenly, the boundaries of their safe haven have blurred—and when a stranger wanders into their woods, Finch’s growing obsession with her could put them all in danger. After a shocking disappearance threatens to upend the only life Finch has ever known, Cooper is forced to decide whether to keep hiding—or finally face the sins of his past.

***Conversations with My Mother*  
A Novel of Dementia on the Maine Coast**

The memory of who we are survives in those we love. In *Conversations with My Mother*, an elderly, good-hearted Francophone struggles with dementia as her small town succumbs to real-estate development. Focused on her relationship with her acerbic caregiver daughter and peripatetic businessman son, the novel examines the siblings' attempts to cope with their mother's deepening decline and the impending sale of the family property to underwrite her care.

A first-person present narrative with a strong sense of place that draws parallels between the beleaguered heroine's persistent kindness and the embattled Maine coast's enduring beauty, the book is as much about gain as it is about loss, and, ultimately, is more about hope than regret.

***The Star of Camp Greene*  
A Novel of WWI**

*Sometimes heroism is found in dreams deferred.* Charlotte, NC. 1918. Broadway darling Calla Connolly had it all: a rising career on the stage and a loving fiancé, a fellow stage actor. But after his tragic death early in the war, Calla is touring the American training camps, hoping to convince

General Pershing to let her tour the French front to cheer the men and honor her fiancé's memory. But her hopes are dashed when she contracts Spanish flu while performing at Camp Greene.

While convalescing, Calla inadvertently overhears a sensitive Army secret and is ordered to remain at Camp Greene for the duration of the war while her former mentor and rival steals her tour out from under her. Having no choice but to stay at the camp, she becomes the resident

performer and forms attachments to several musician soldiers.

When she falls in love with the man responsible for trapping her at camp, the mission she's sworn to keep secret threatens the men she's come to care for. Calla is forced to decide what her dreams are worth—and if the future she never expected might only be possible if she lets those dreams go.

*A woman returns to her small southern hometown in the wake of her mother's sudden death, only to find the past upended by stunning family secrets.*

Lila Bruce Breedlove never quite felt at home in Wesleyan, Georgia, especially after her father's untimely demise when she was a child. Both Lila and her brother, Henry, fled north after high school, establishing fulfilling lives of their own. In contrast, their younger sister, Abigail, opted to remain behind to dote on their domineering mother, Geneva. Yet despite their independence, Lila and Henry know deep down that they've never quite reckoned with their upbringing.

When their elderly mother dies suddenly and suspiciously, Lila and Henry uncover the facts about Geneva's death and shocking truths are revealed that overturn the family's history as they know it, sending the pair on an extraordinary journey to chase a truth that will dramatically alter the course of their lives.

## PREMIER ROMANCE

### MARCIA LYNN McCLURE

#### *The Haunting of Autumn Lake*

Autumn gasped as she looked up to see the cowboy, slumping in his saddle. Blood was streaming from a wound in his left leg and had begun to dry on his chaps. His shirt was soaked with blood at the left shoulder, and more dried blood was matting the hair on his forehead, eyebrows, and cheek.

Then, as he attempted to dismount, the full depth of his weakness from injury and no doubt blood loss was evident as he fell to the ground and groaned. Thoroughly steeped with sympathetic compassion and empathy for the man, Autumn dropped to her knees, instantly and without thinking, and moved the poor cowboy's head to rest in her lap. Tenderly she tugged at the brown bandana covering the man's nose and mouth, gasping when he opened his

eyes and looked at her. Autumn Lake's heart skipped a beat—it skipped several beats—as she gazed into the deep blue of the man's eyes . . .

##### A McCutcheon Family Novel

Scottsdale, Arizona, May 1888

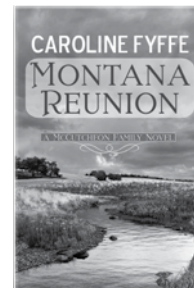

A year and a half after Chaim McCutcheon was essentially left at the altar—for reasons he's yet to discover—one steadfast aim remains firm in his mind and heart. Never again. He left his home and family, and all he held dear, in Rio Wells, Texas, with the intention not to return until every nuance of Emmeline Jordan had been burned from his soul by the blazing Arizona sun. He's adjusted to his solitary life on his rustic desert ranch, so different from the sprawling Rim Rock in Texas. Forgetting Emmeline may take some doing, but time is one thing Chaim has in spades.

Can an invite to Y Knot for a surprise family gathering for his Uncle Flood entice Chaim to change his decision and reunite with his family, who are also journeying to Montana? His pride and his walled-off heart say no chance of that. Perhaps the unexpected appearance of Tessa Webb, a determined young woman on a quest of love, might do the trick.

That is only the beginning. Dehner suspects powerful forces are at work as a national magazine arranges for a reenactment of the famous gunfight between Jarrett and McCall. He figures there's too many two-bit ranchers in this territory an' they're gettin' in his way. **BRADFORD SCOTT**

*Ranger's Roundup*  
A Walt Slade Western

When a new railroad line came to the wilds of Texas, farmers and ranchers alike could not believe the monster-horse would ever survive the rigors of outlaw territory. But, with the help of big Texas Ranger Walt Slade, the C & P Railroad was coming to stay.

Then one evening there was shooting at the building site, and the ranger was faced with a new enemy—another railroad company had big ideas, and wanted no competitors.

The M & P was a vigilant outfit, run by a killer boss who bought progress with bullets. He would shoot down trouble in an instant—face to face or in the back . . . Walt Slade was first on his list!

***Gringo Gun***

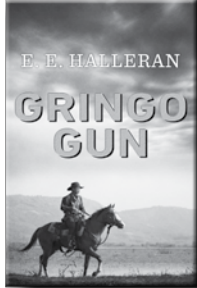

Special U.S. Government Agent Tom Waddell, probing mysterious activity along the Mexican border, “joins” a plot to invade Sonora Province. His assignment is to block the development of a dangerous revolutionary movement. Posing as an outlaw gun-runner, he discovers a plan that involves

American outlaws hired to filibuster, New Mexican “nobility,” and Mexican renegades, all working together. But as a power struggle develops between feuding factions, Waddell is caught in the middle and must use his years of experience to keep things from escalating.

Also, fearful of betrayal by the intense, dark-eyed Jessie, who has a long memory for the past and more courage than most men, and menaced by the wild Chiricahua Apaches with fierce grudges

of their own, Waddell finds he must draw upon every ounce of his nerve and cunning just to survive.

***Gun Trail***

Through hell they rode . . . until in one gun-mad explosion Rock Wesley lost his stake, his matchless horses, his buckaroo friends—all except his life.

Sure, the enemy were phantom raiders no law could reach, no bullet could touch—and they turned every man’s trigger against him. Yet vengeance drove Rock like spurs drive a stallion.

He blasted his way to a wild reckoning, backing his play with thundering sixes and the bloody oath: “Maybe I’m licked, but my guns don’t know it!”

***Wild Summit***

Gil Yeager returns to Tuscarora and the jail he broke out of to demand his rights from a hostile community.

He was not blind. A man railroaded off his own land, he foresaw the gun-cracking hell piled up for him and went after that land, determined to wrest it from the thieves who had taken it and jailed him for murder.

**HUNTER INGRAM**

***Contested Valley***

California was the promised land. The railroad took hundreds of immigrants out there every year—immigrants hungry for their own farms, willing to work the soil, build the ditches for water, till, seed, plow and break their backs because they believed the land was theirs.

But it wasn’t. It was only promised, and the railroad held an unshakable grip on it.

Until one man came who believed he had the right to fight . . .
